FROM THE DESK OF PRESIDENT

Dear Friends of the Fraternity,

Pharmacy Council of India is constantly working to strengthen Pharmacy Education by formulating various Education Regulations in due process of law & implementing the same across the country from time to time. This is for the first time that Pharmacy Council of India has come up with the Approval Process Handbook (APH) which is framed within the legal jurisdiction considering all policies, norms and regulations of the Council in force. This handbook will act as a tool to understand and evaluate the Institutes imparting Pharmacy Education and will help to facilitate the approval process

The Pharmacy Institutions need to inculcate knowledge, Skill and opportunities among the students to bring about new ideas & innovations. That is how, the Pharmacy Institutions suppose to play significant role in the growth and development of the Nation.

This handbook is designed with relevant information & pictorial representations to ease the process of according approval to the new Pharmacy Institutions and also to guide the existing Institutions. This book may also enhance the understanding of the stakeholders in various issues like increase in intake capacity, introduction of new courses and others.

Presently, Pharmacy Council of India is working on formulating new Pharmacy curriculum to meet with the contemporary health challenges. With such syllabi, the student Pharmacists would be able to create a healthier tomorrow with an advanced Pharmacy Profession in the country. Hence, in coming days there may be little change in the infrastructure requirements in consonance with the changed syllabi. We hope that all the stakeholders will accept our proposal for Profession and the Country as well.

Last but not least, I like to thank and appreciate those whose tireless efforts have brought this handbook for the first time ever in a most implementable way.

"कामये दुःखः तप्तानाम प्राणिनाम आर्तिनाशनम्"

(I yearn for the relinquishment of grief, of all beings afflicted with pain)

**Dr. Montukumar M. Patel**

President, PCI

**Sub: Teaching faculty during academic session**

Sir/ Madam

With reference to the subject cited above, I am directed to inform that subject cited issue was considered by 93/CC in its meeting held in July, 2013 which noted that in some cases teaching faculty either resign or/are terminated during the academic session which adversely effects the quality of education.

In view of above, it was decided to instruct the pharmacy institutions that -

- a) the teaching faculty whose name is shown at the time of inspection and approval is granted by the PCI on the basis of availability of the said teaching staff will not be eligible to join other institutions during the same academic year. Hence staff who have resigned or terminated by the management on grounds other than the criminal misconduct during the currency of the said academic session will not be taken to count while granting approval for such institutions.
- b) in the event of any dispute the matter shall be referred to the PCI.

This is for strict compliance at your end.

Yours faithfully

With reference to the subject cited above, it is informed that Health Ministry has authorized Pharmacy council of India (PCI) to perform Aadhaar Authentication on voluntary basis for the following purpose –

- a) Authenticating the officials, faculty, and students on the portal.
- b) For capturing attendance of the faculty through biometrics using Yes/No or /and e-KYC authentication.

It is honoring the Health Ministry's Gazette Notification dt. 23.11.2023 (Appendix – 1), PCI has a vision to implement the Aadhar authentication in the DIGI-PHARMed portal. With the integration of Aadhar services with "DIGI-PHARMed" Portal, PCI will step towards total digitization of registration/ enrollment services and ensure the authentication of end users such as Pharmacists/ Faculties/students/Pharmacy Institutions. This will also enhance users' satisfaction, promoting ease of doing/processing the registration process, productivity, and transparency in administrative functioning.

In view of the above, the Council is currently working on the process of integrating Aadhar Authentication for Faculties/Pharmacists/Students/Pharmacy Institutions, etc in the portal. In this regard, all Institutions are requested to fill the correct data in the SIF/PCI Portal as per Aadhar card details.

It is also informed that PCI will authenticate all data of Teachers, Pharmacists, and Students very soon after completion of the integration part. In case, any wrong information is provided or any failure of the authentication process is done, then strict action will be taken against the respective institution and the individual (Teacher/ Pharmacist/Student) and they will be legally prosecuted.

This is for your Information and necessary action.

Yours faithfully
